

Turning van dreams into reality

The high quality, individually customised campervans are built to last and come engineered and certified.

Neatly nestled away in one of the small blue factories at the back of the business park, Built for Adventure is at work converting van-life dreams into van-life realities.

The team specialises in designing high quality, individually customised campervans that are built to last and come engineered and certified.

Built for Adventure was born from a love of travel, a dedication to excellent craftsmanship and a desire to create something beautiful and functional. For business owners Jesse and Samantha, detail is key. They are extremely passionate about what they do and have a "no corners cut" approach. Jesse explains: "It's all about getting to know our clients. We get to understand what their aesthetic is, what they're aspiring to and how they want to travel so we can design the van build to suit them."

Over the five years, just as each client is unique, no two builds have been the same. For example, their most recently completed conversion, "Cove the Crafter",

was designed for the owners who wanted to work in an off-grid capacity full time - including two office spaces, a kitchen, lifting bed, ensuite and even a washing machine.

The crew at Built for Adventure pride themselves on the relationships they build with their clients and customers throughout the process of bringing their vanlife dreams into reality through both their van conversions, fitout works and retail service.

At Built for Adventure's showroom, you'll find a fully kitted out van on display as well as the range of products you can purchase through them as the local Surf Coast supplier for Bushman Fridges, Car Builders (sound deadener and insulation)

Just as each client is unique, no two builds have been the same.

products, Enerdrive Electrical, Front Runner, Yakima, Coast to Coast and more as well as their own locally made custom insulated privacy window covers designed specifically for campervans. They provide guidance and advice you can trust.

For all things hand-crafted, high end adventure, visit 1/6 Sawmills Way, Torquay, or head to builtforadventure.com.au or via Instagram or Facebook at [@builtforadventure](https://www.instagram.com/builtforadventure)
